

ideasTM EMR
MellowoodMedical

Mellowood Medical IDEAS **Ultrasound Interface**

WHY IDEAS Ultrasound Interface

- Seamless transfer of images (still and moving)
- Auto data transfer of follicular counts, gestational measures and patient worksheet
- Practice Defensive, Secure medicine
- Focus on patient care, not paperwork
- Immediate return on investment

EFFICIENT, ACCURATE, & COST EFFECTIVE

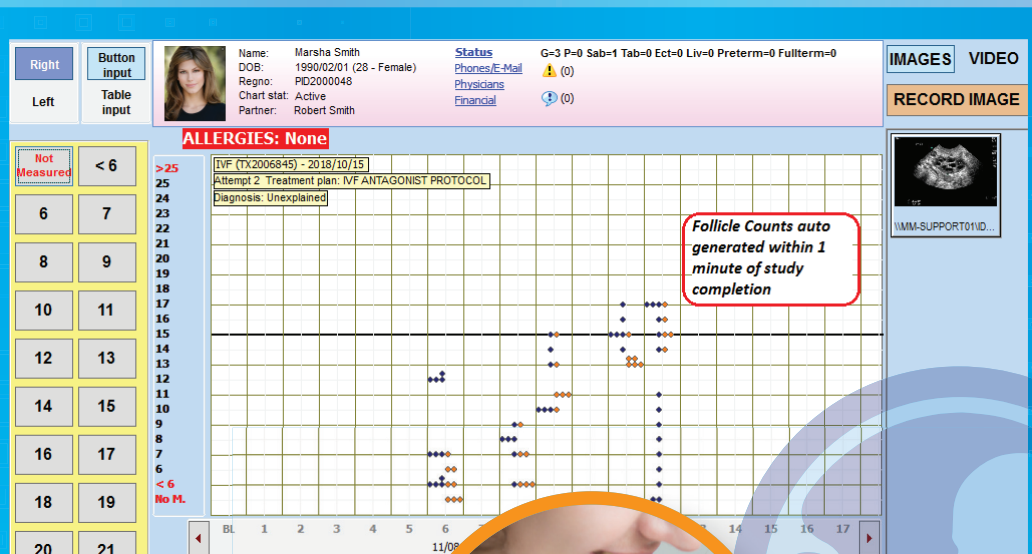

■ BENEFIT to Clinic:

- **Maximize** accuracy of patient record
- **Improve efficiency**, remove need for clinic staff to upload or populate patient record after the fact
- **Ensure completeness** of patient record
- **Automatic linkage** to appointments

■ IDEAS works with Industry Standard Machines:

- GE Voluson S/P/E
- SonixTouch
- Zonare Z.One
- Siemens Accuson
